

Employee handbook management simplified

Build, maintain, and update employee handbooks with confidence using expert guidance, collaborative tools, and continuously updated policy content.

One source of truth

Managing employee handbooks shouldn't require endless revisions, version confusion, or manual policy research.

Give HR teams a centralized way to create, review, update, and distribute handbooks while keeping policies aligned with changing workplace requirements.

Easily:

- ✓ Create employee handbooks faster
- ✓ Keep workplace policies current
- ✓ Manage multiple handbook versions
- ✓ Collaborate on policy reviews and approvals
- ✓ Standardize policies across locations
- ✓ Publish and distribute updates efficiently
- ✓ Stay informed as employment laws change

Protect your organization with a handbook employees can trust

Expert policy guidance, collaborative workflows, and ongoing legal updates help organizations reduce risk, improve consistency, and keep employee handbooks current.

Reduce risk with accurate, legally reviewed policy content

Improve consistency across teams, locations, and business units

Save time with streamlined workflows and easy updates

Support growth with confidence as your organization expands
