# Easily navigate state and federal regulations

with the **Regulatory Analysis Chart Builder**

EHS hero

Say goodbye to endless Google searches on what regulations are applicable to you. With the Regulatory Analysis Chart Builder, you can easily search, compare, and understand state and federal regulations and get clear insights on what your policies and practices must contain to avoid risk.

Key features

- ▶ Create simple comparison charts to stay up to date on regulatory requirements
- ▶ Search over 50 topics and 400 subtopics
- ▶ Share results across the organization with PDF exports
- ▶ Access concise analysis of regulations written by industry experts

Key benefits

- ▶ Easily compare regulations across jurisdictions
- ▶ Elevate your compliance efforts
- ▶ Avoid costly enforcement actions

The Regulatory Analysis Chart Builder is a unique, scalable solution you won't find anywhere else. In just a few clicks, you can build reports to fit your exact safety and environmental compliance needs.
