

# State Law Chart Builder

Simplifies navigating complex employment laws

*"What sold me about [BLR®] was that I could see federal and state laws side by side. Its solution features, ease of use, and great access to subject matter and legal experts are what helped me to make my decision too."*

— Terri Wilson, CEO at Doing HR Differently

State Law Chart Builder is a comprehensive and easy to understand solution for navigating complex employment laws across 75+ challenging areas of HR compliance. This tool is specifically designed for HR professionals, legal counsel, and multi-state businesses with access to side-by-side comparisons, and customizable charts that simplify the process of understanding and meeting legal requirements.

## Benefits

- Risk mitigation
