

MASTER FLSA COMPLIANCE with BLR's FLSA Audit Tool

“Before [BLR], we had to find employment law changes and other HR information on our own. With [BLR], I now have access to up-to-date information, can research by topic area, and have access to training resources. Also, The HR newsletters are a great resource.”

— Wendy Bradford, Senior Director, Global Human Resources & Administration at Counterpart International

BLR's FLSA Audit Tool offers a forward-thinking solution for HR wage and salary compliance, delivering trustworthy insights and safeguarding organizations from costly penalties for HR managers and directors, legal advisors, and other HR professionals.

Benefits

- ✓ Trustworthy insights from qualified experts
- ✓ Reduce the likelihood of penalties for being noncompliant
- ✓ Written by employment law experts
- ✓ Continuously updated reference guides, compliance dates, news, and calculators personalized for your state(s)
- ✓ Access to resources such as a What's New e-mail that provides relevant and insightful information delivered weekly to your inbox

Features

- **Job classification:** Get detailed explanations and examples of jobs and tasks that tend to indicate exempt or nonexempt status, then easily save and print your reports.
- **Tailored guidance:** Build customized reports to identify the big risk areas, tips to improve compliance, and suggestions to avoid costly litigation or a Department of Labor audit.
- **Automated risk analysis:** Get risk assessments based on compliance resources and insight from our employment law experts.
- **Reference guides:** Deep dives into wages and hours, disability and leave, and benefits topics.

Confidently manage job classifications, achieve compliance, mitigate risks, and ensure fair and accurate compensation practices.
